- 2 hot stutter starts
- 3,000 cue point memory
- Anti-Shock™ buffer technology
- Sleep mode

POSITIONING

With 4.7kgf-cm of torque, Numark's X2 benefits from the industry's highest torque direct drive motor—providing the stability and durability professionals demand night after night. Featuring adjustable pitch control and support for both 33 and 45 RPM vinyl records, this exceptional turntable employs an ultra-precise aluminum tonearm with cue, height, and anti-skate adjustments, and accepts straight or S-shaped tonearms by means of its interchangeable tonearm system. With its 12-inch anti-drag aluminum platter designed specifically to reduce friction and its solid core construction that fights vibration and unwanted noise, the X2 is designed for years of trouble-free operation.

CONSTRUCTION:

- Solid Core Construction fights vibration and unwanted noise
- 12" Anti-Drag aluminum platter to reduce friction
- Interchangeable Tonearm System (Straight or S-Shaped)
- Ultra-precise aluminum tonearm with cue, height, and anti-skate adjustments
- Bright VFD (Vacuum Fluorescent Display) shows MP3 song titles, BPM, time, and unit status.
- Slot-load CD transport with slot illumination
- Dual "battle-style" Start/Stop controls
- Anti-vibration height adjustable foot design
- Removable Aluminum Target Light
- 45 adapter holder
